The WELLESSE® Promise

Wellesse believes supplementing our active bodies is vital to health. That's why, for over 20 years, we've been dedicated to producing a premium line of supplements that work to bring a natural balance to every part of your body.

Wellesse Joint Movement Glucosamine

combines essential, natural ingredients in a great-tasting berry flavored liquid formula that is easily absorbed by your body. Clinical studies show that Glucosamine and Chondroitin in combination are beneficial in maintaining healthy joint function, cartilage and flexibility.[†]

Glucosamine is necessary to protect and rebuild cartilage tissue and keep joints strong & healthy.[†]

Chondroitin naturally occurs in the connective tissue to cushion and lubricate cartilage for ease of joint movement.[†]

MSM is an organic form of sulfur vital in nourishing and maintaining healthy connective tissue in the joints for flexibility & elasticity.[†]

Research has shown that nutrients from liquid sources can be more easily absorbed than from solids.

Wellesse Joint Movement Glucosamine is the natural choice for physically active people.[†]
