Food-Based Nutrition for Infants & Toddlers

Provides essential nutrients + whole foods Supports healthy development & brain function\* Immune health & gentle digestion with probiotics\* No artificial colors, flavors or sweeteners

> Gluten-Free | Dairy-Free Dietary Supplement | Net Wt. 1.9 oz (53g)

Rapidly growing infants and toddlers need specifically targeted levels of vitamins and minerals. Yet since children can be finicky eaters, they don't always get the optimal balance of nutrients from diet alone.

Sweetened only with natural fructose and whole fruit powders, NutriStart Multivitamin Powder<sup>™</sup> is a convenient way to give even the youngest children in your family the comprehensive nutritional support they need. Your child will love the subtle fruit flavor, with no vitamin aftertaste!
