

Natural Citrus Gummies for an Optimal Boost of Vitamin D₃
Vitamin D is often referred to as "the sunshine vitamin" because we can synthesize it with exposure to sunlight. However, sunscreen use, environmental factors, age and diet may contribute to vitamin D deficiencies. In addition, current scientific research reveals significant health benefits from higher, optimal potencies. Vitamin D₃ 400 IU Sunny Gummies™ make it easy for adults and kids to get optimal amounts of vitamin D every day.

400 IU Vitamin D₃ in each delicious gummy promotes and protects bone strength, supports calcium absorption, strengthens nerves and muscles surrounding bones, enhances immune function, circulatory system health and keeps cells healthy.*

100% Natural and Gluten-Free with natural orange flavor and organic cane sugar for a great tasting way to supplement your diet.

SUGGESTED USAGE: For daily protection, take one gummy per day, with or between meals. For adults and children ages 4 and above.
