PreferaOB
♀DHA™
Prenatal/Postnatal Multivitamin/
Multimineral PreferaOB® Tablets &
life'sDHA™ Softgels
Rx Only

DESCRIPTION: PreferaOB + DHA™ is a prescription prenatal/postnatal multivitamin/multimineral (*PreferaOB®*) and Omega-3 fatty acid (*life'sDHA™*) nutritional supplement. PreferaOB + DHA™ is: a small, oval, film-coated, purple tablet with black core, debossed and bisected with "AP/B4" on one side, and plain on the other (*PreferaOB®*) and a clear essential fatty acid softgel containing an amber to light/dark orange semi-solid mixture (*life'sDHA™*).

Each PreferaOB® tablet contains:

VITAMINS

D3 (as cholecalciferol)	400 IU
E (as d-alpha tocopheryl succinate)	10 IU
B1 (as thiamin mononitrate)	1.5 mg
B2 (as riboflavin)	1.6 mg
B3 (niacin as niacinamide)	17 mg
B6 (as pyridoxine HCl)	50 mg
Folic Acid	1 mg
B12 (as cyanocobalamin)	12 mcg
Biotin	30 mcg
B5 (as d-calcium pantothenate)	10 mg

MINERALS

Iron	
as Polysaccharide Iron Complex (a complex of iron, glucose, maltose, and dextrin; Iron Content - 46%) yielding	28 mg
as HIP (heme iron polypeptide as Proferin®** - bovine source, USDA certified) yielding	6 mg
Iodine (as potassium iodide)	250 mcg
Zinc (as zinc oxide)	4.5 mg
Selenium (as sodium selenate)	65 mcg
Copper (as cupric sulfate)	0.8 mg

INACTIVE INGREDIENTS: Microcrystalline cellulose, croscarmellose sodium, crospovidone, magnesium stearate (vegetable source), silicon dioxide, dextran, dicalcium phosphate, protease, modified food starch, sucrose, di-alpha tocopherol, sodium ascorbate, ethylcellulose, resin, coating (polydextrose, hypermellose, titanium dioxide, D&C red no. 30 aluminum lake, FD&C blue no. 2 aluminum lake, polyethylene glycol, hydroxypropyl cellulose, purified water).

Each life'sDHA™ Softgel contains:

Total omega-3 long chain fatty acids	203 mg
as Docosahexaenoic Acid (DHA)	200 mg
as alpha-linolenic acid (ALA)	0.5 mg
as Docosapentaenoic acid (DPA)	2.5 mg

DHA is derived from the oils of microalgae, which is grown outside of the ocean, in a controlled environment, eliminating the risk of oceanic contamination. Ingredients include: DHA Algal Oil, High Oleic Sunflower Oil, Ascorbyl Palmitate & Tocopherols (as antioxidants) in a Gelatin Capsule (Gelatin, Glycerin, Water, and Caramel, Carmine, Calcium Carbonate and Turmeric as coloring).

INDICATIONS AND USAGE: PreferaOB + DHA™ is a prescription multivitamin/multimineral (*PreferaOB®*) and Omega-3 fatty acid (*life'sDHA™*) nutritional supplement indicated for use in improving the nutritional status of women throughout pregnancy and in the postnatal period for both lactating and non-lactating mothers. PreferaOB + DHA™ is also beneficial in improving the nutritional status of women prior to conception.

CONTRAINDICATIONS: This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

WARNING: Ingestion of more than 3 grams of omega-3 fatty acids per day has been shown to have potential antithrombotic effects, including an increased bleeding time and International Normalized Ratio (INR). Administration of omega-3 fatty acids should be avoided in patients taking anticoagulants and in those known to have an inherited or acquired predisposition to bleeding diathesis.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. **Keep this product out of reach of children.** In case of accidental overdose, call a doctor or poison control center immediately.

PRECAUTIONS: Folic acid when administered as a single agent in doses above 0.1mg daily may obscure pernicious anemia in that hematological remission can occur while neurological manifestations remain progressive. Pregnant women and nursing mothers should avoid supplemental doses of vitamin E higher than RDA amounts. While prescribing this nutritional supplement for pregnant women, nursing mothers, or for women prior to conception, their medical condition and other drugs, herbs, and/or supplements consumption should be considered.

ADVERSE REACTIONS: Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DOSAGE AND ADMINISTRATION: One tablet and one softgel daily with or without food, or as prescribed by a licensed health care provider with prescribing authority.

HOW SUPPLIED: PreferaOB + DHA™ is supplied in child-resistant blister packs of 30 tablets and 30 softgels (NDC 68220-083-30) and as a Professional Sample (NDC 68220-083-25).

KEEP OUT OF REACH OF CHILDREN.

STORAGE: Store at controlled room temperature 20°-25°C (68°-77°F). Excursions permitted to 15°-30°C (59°-86°F). [See current USP]

To protect from light, dispense in carton provided. Once open, blisters should be stored in carton.
