

Daily and Long-Term Support for a Healthy Digestive Tract and Immune System.* Our natural Probiolicious™ gummies deliver a multi-function probiotic backed by 80 years of scientific research. Probiotics are good bacteria that naturally live in your digestive tract and probiotic replenishment is important for digestive balance and overall wellness.* Poor diet, stress, travel, and changes in routine can disrupt this natural balance. Daily intake of both probiotics and the prebiotics that promote their growth can help with:

- Occasional constipation, gas, bloating and diarrhea*
- Immune system health*
- Digestion of lactose in dairy products*

Probiolicious™ Probiotics Survive and Thrive – No Refrigeration Required. Our unique probiotics are protected by a natural coating that can survive manufacturing, shipping and stomach acid to reach the digestive tract in sufficient numbers to promote daily and long-term digestive and immune health.*

Purity Guarantee: Allergen SafeGuard®. Contains no gluten, soy, yeast, milk, eggs, nuts, fish or shellfish. **Natural – Free of artificial colors, flavors, sweeteners, preservatives and additives.**

KEEP OUT OF REACH OF CHILDREN. Consult a health care professional prior to use if you are taking medication or have a medical condition.
