

Acetyl-L-Carnitine (ALC) is a naturally occurring form of L-Carnitine, a vitamin-like nutrient synthesized in the body, from the amino acids lysine and methionine. ALC plays a key role in the production of acetylcholine, an important neurotransmitter for brain and nerve cell function.*

The Sigma tau supplied Acetyl-L-Carnitine in this product is derived from a base of pharmaceutical grade L-Carnitine manufactured by a patented, FDA-approved process that fully complies with USP, FCC and EU monographs. It is GMO-free, pesticide-free and BSE safe.

Supports energy metabolism in the brain*
Keeps nerves healthy and in repair*
Decreases free radical production in the brain*
