or your Money Back!**

Ultra Mangosteen is a dietary supplement that offers several classes of powerful phytonutrient antioxidants that have been derived from the mangosteen (*Garcinia mangostana* L), an exotic fruit that comes from Southeast Asia. The mangosteen has been nicknamed the "Queen of Fruits" and "Food of the Gods" for its various health benefits and delightful taste. For thousands of years, mangosteen has been used in various Asian countries to promote superior health. **Ultra Mangosteen** also contains goji berries and pomegranate which contain a myriad of compounds with antioxidant benefits and many other health-giving substances for good health.†

The mangosteen is beneficial to the body because of a substance found in the fruit called xanthones. Xanthones are biologically active plant phenols structurally similar to flavonoids that possess antioxidant properties to help seek out and destroy roaming free radicals that can wreak havoc on good health.†

And to complete the formula, we added ConcenTrace®, a complex of over 72 naturally occurring ionic trace minerals that helps to supercharge the formula for greater absorption and assimilation.† You may expect a wide spectrum of nutritional benefits.†

Suggested Use: SHAKE WELL. Take 1 ounce daily with food or mixed into your favorite beverage. Take up to 3 times daily for optimum benefits. **REFRIGERATE AFTER OPENING.**

Allergen Info: contains no known allergens. **GLUTEN FREE.**
