

The case for

Originally created to combat the negative effects of blood sugar imbalances, **Ketsumeisei™** is a proprietary blend of Chinese herbs which studies have shown to be effective in supporting healthy metabolic function and microcirculatory disorders within the body.[†] Improvement in microcirculation may have body-wide beneficial effects on organs, including the liver, which may lead to improvement in liver function.[†] **Ketsumeisei™** may also help support the decrease of harmful free fatty acids in the blood, thus increasing total body health.[†]

Ketsumeisei is lactose free and contains no animal derivatives, artificial flavors or colors, yeast, gluten, or talc.

Warning: If you are pregnant, lactating, taking anticoagulants or have a history of thinning blood in your family, do not take this product without direction or supervision from your medical provider.
