ActivJoint™ is a conveniently packaged powdered drink for individuals who need added support for bones, joints and ligaments, especially before, during, and after strenuous activity. Take **ActivJoint™** in the morning for daily maintenance of healthy joints and connective tissues to maintain joint mobility. It can also be taken after participating in strenuous activities to help provide your body the proper building blocks it needs to keep your joints flexible and healthy.†

1200 mg Glucosamine-Glucosamine is a compound found in human joint cartilage and research has shown that supplementation of this nutrient has helped strengthen normal joint structure.† Studies have also shown it to be successful in helping promote joint comfort, therefore maintaining mobility.†

500 mg Chondroitin-Chondroitin works synergistically with Glucosamine to supply cartilage with the vital building blocks it needs to stay supple and healthy.†

300 mg MSM-MSM is a natural sulfur compound the body critically needs to maintain healthy joint lubrication and flexibility for proper mobility.†

ConcenTrace®-ConcenTrace® is a full spectrum complex of over 72 naturally occurring ionic trace minerals from the Great Salt Lake in Utah.†

And finally, **ActivJoint™** is backed by our "Feed the Difference or Your Money Back!" quality and satisfaction guarantee so there's nothing to lose—except joint discomfort and mobility! So try it today and see how much more active you can be!
