DIGESTIVE HEALTH*

60 VEGETARIAN TABLETS | DIETARY SUPPLEMENT

Probiotic CD™ is a proprietary blend of 12 billion bio-active microorganisms from 10 naturally-derived vegetarian strains. Probiotics are most effective for digestive health when released in the intestinal tract where food nutrients are readily absorbed.* Maintaining intestinal microflora balance is essential for healthy digestion, immune wellness and optimum intestinal function.*

This advanced controlled delivery probiotic is formulated with a BIO-tract® gel matrix that brings probiotics directly to the intestines. BIO-tract® shields active organisms from stomach gastric acids, which may destroy sensitive bacteria before they reach the intestinal tract - reducing the number of active organisms, lowering product effectiveness and impacting nutrient absorption. Controlled delivery ensures that the organisms remain active at consistent levels hour after hour.

The Probiotic CD™ Difference:

- Protects Beneficial Bacteria from Stomach Gastric Acid*
- Delivers a Consistent Level of Probiotics into the Intestinal Tract
- Provides Balanced Microorganism Absorption and True Potency**
- Promotes Hour After Hour Controlled Release for Maximum Benefit
- Provides Essential Probiotic Support In A Once Daily Dose*

*at time of manufacture

**DAILY MAINTENANCE
ENHANCED SUPPORT**

Probiotic CD™ offers you the “probiotic advantage” of once daily dosing, “12 billion^” for every day maintenance or twice daily “24 billion^” for an enhanced level of probiotic support, particularly during times of weak diet and antibiotics,¹ which can disrupt the healthy balance of bacteria in the system.

BIO-tract® TECHNOLOGY

With BIO-tract®, probiotics get past stomach acid without breaking down. Moistened by fluids in the stomach, a gel-like enteric coated shield develops around the tablet, protecting it from gastric acid and a harsh stomach environment. Once the tablet reaches the intestinal tract, bio-active organisms are released through the protective layer and into the digestive system, where they are most needed. With BIO-tract®, Probiotic CD™ delivers the quality, viability and support your body needs to promote hour after hour digestive health with the nutritional “probiotic advantage” you want for overall wellness.*

Part No. 22-29607

Directions: For adults, take one (1) vegetarian tablet daily, preferably with a meal.

Supplement Facts

Serving Size 1 Vegetarian Tablet

Amount Per Serving	%Daily Value
Probiotic CD™ (12,000,000,000 CFUs*)	300 mg **
(L. plantarum, L. acidophilus, L. rhamnosus, L. salivarius, L. casei, B. bifidum, B. infantis, B. longum, L. fermentum, S. thermophilus)
