Suggested Use: Shake well. Using the metered dropper, take 1.25 mL (¼ tsp.) daily with juice or food to mask the concentrated mineral flavor. Do not refrigerate.

Ionic Boron is a rich, concentrated liquid dietary supplement that provides boron in an ionic form—the form most widely recognized by the body.* Our proprietary process ensures maximum absorption, while the balanced liquid form provides safety and flexibility.*

Boron may support healthy bones and joints.* Recent clinical studies indicate that boron interacts with calcium and magnesium to promote optimal bone metabolism.* Evidence also suggests boron may support normal brain function.*

ConcenTrace® is a trade name for concentrated sea minerals from the Great Salt Lake.
