Calcium is an important mineral for supporting bone health.* Calcium also works to support muscle and nerve function.* Vitamin D₃ is added to assist with Calcium absorption and as support for immune function.* Adequate Calcium and Vitamin D₃ as part of a healthful diet, along with physical activity, may reduce the risk of osteoporosis in later life.

Directions: As a calcium supplement, take one (1) tablet twice daily with any meal or as directed by your healthcare provider. Do not exceed recommended dosage. Individual results may vary.

Warning: Consult a healthcare provider prior to use if: pregnant, nursing, on medications, have a medical condition or are planning a medical procedure. Stop use and contact a physician if adverse reactions occur.

Keep out of reach of children. Do not use if product appears to be tampered with or seal is broken. Store at room temperature.

No added Sugar, Yeast, Preservatives or Artificial Flavors.
