

Coenzyme Q-10 is a natural antioxidant which plays several highly useful roles in the body, including support for heart health and the production of energy in cells. CoQ-10 has also been identified as important for those taking Statin Drugs as it can replace what they may deplete. MEGASORB CoQ-10 is offered in a base of rice bran oil to promote and enhance absorption of this fat-soluble, active ingredient.*

CoQ-10 is not intended as a substitute for Statin therapy. Do not discontinue use of prescribed medications while taking CoQ-10.

Carefully Manufactured for:
Solgar, Inc., 500 Willow Tree Road
Leonia, NJ 07605 U.S.A.
