Preventive Nutrition® Complete Body Cleansing Program is a 7-day system designed to support overall wellness and directive health." AM Formula

Each AM Formula packet contains a Gastro Formula, Total Cleanser and Enzyme Blend. This packet combines specialized herbs such as ginger, artichoke and pomegranate with fructualigosaccharides (FOS) to help promote intestinal health." It also provides digestive enzymes to help promote protein, carbohydrate and fat digestion."

Each PM Formula packet supplies a Blood Circulation Formula, Liver Cleanser, Kidney Health Formula and Enzyme Blend. This packet blends the popular herbs covenne, goldenseal and milk thistle which supports liver function with antioxidant herbs such as green tea and grape seed extract." It too provides digestive enzymes that help promote

Introduces beneficial probiotics, acidophilus and bifidobacterium. These organisms are important in promoting the health of the digestive tract." They not only help maintain the health of the digestive tract but also have a direct influence on the balance of the body's natural flora." These beneficial flora also support healthy immune function and when taken on a regular basis, support overall digestive health."

Fiber is a necessary component of everyone's diet. Among the many health benefits of fiber, it is most commanly recognized for its ability to aid in the digestion process." Fiber plays a critical role in the intestinal transit time, it serves as a bulking agent and also provides relief from accasional constitution." This specially formulated blend features multiple fibers that promote and support daily digestive health." Unlike other fiber products that typically torget the end of the colon, this fiber and prebiotic blend is site specific and provides fibers that work at the beginning, middle and end of the large intestines. By offering this diverse group of fibers, this patented formula helps to improve bowel cleansing without urgency or discomfort."
