

Solgar's Standardized • Full Potency (SFP) Herbs are developed through a unique process that integrates the ideologies of both traditional herbalism and standardized herbal technology. To ensure consistent and reliable phytonutrient levels, we isolate a controlled amount of these important active plant compounds. Then, we blend these enhanced, "standardized" compounds with all of the components that occur naturally in the whole raw herb. The result is a potent, premium-quality standardized herbal extract with all of the synergistic and beneficial qualities found in nature.

Solgar's Green Tea Leaf Extract Vegetable Capsules are free of sugar, salt, corn, yeast, wheat, soy, gluten, dairy and animal products and are formulated without the use of artificial preservatives, flavors or colors.

To assure freshness and potency, store at room temperature 59°-86°F (15°-30°C). Store away from heat, light and moisture.

DO NOT USE IF OUTER BOTTLE SEAL IS MISSING, TORN OR DAMAGED IN ANY WAY.
