

Yohimbe-Plus® Maximum Performance is a plant-derived sexual stimulant formula. It contains Yohimbe extract along with seven other performance-enhancing herbs that help support performance and stamina:

- **Libido Enhancement:** A daily serving of these Liquid Soft-Gels delivers 450mg of Yohimbe extract. Yohimbe is derived from the bark of a West African tree traditionally used for its ability to promote male sexual performance.*

- **Endurance and Stamina:** Yohimbe-Plus is designed with invigorating botanicals to help boost power and fortitude.* Included is the herb Tribulus, standardized to 40% saponins. This libido-supporting plant provides a boost for sexual performance and libido.*

- **Performance and Vigor:** The ingredients in this product, such as Ginkgo biloba, support healthy circulation throughout the body including the genital region.* Muira Puama is an ancient Brazilian tonic traditionally known for enhancing sexual performance.* Added to this science-based formulation is the adaptogen Ashwagandha, to promote vitality and vigor.*

This potent herbal combination helps fuel libido, stimulate sexual interest and promote pleasure.*

What makes us different:

 **Liquid Soft-Gels** - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. *Advanced Liquid Soft-Gels provide an optimum delivery system.*

*These statements have not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Quality Assurance - We at Irwin Naturals® are committed to providing the highest quality products for your health.

We employ compliance testing to ensure purity and potency.

Environmental Responsibility - A percentage of our profit is donated to organizations that support the environment.

As much as 90% of our future medicines may come from our dwindling rain forest.

Patented Bioperine®

Bioperine® enhances the bioavailability, absorption and potency of many nutrients.
