

Green Tea Fat Metabolizer™ combines a highly concentrated form of green tea extract with a powerful blend of natural herbal boosters and nutrients that, when used with a reduced calorie diet and exercise plan, can help:

- **Increase Calorie Burning:** This formula contains patented Advantra Z®. Emerging research indicates its potential to increase calorie burning and increase metabolism.*
- **Promote Energy:** EGCG and caffeine have properties that enhance your metabolism and help burn calories.* † The thermogenic combination of green tea extract and natural caffeine, while not actually "melting fat," helps to oxidize fat and increase energy expenditure.*
- **Support Metabolism:** Chromium Picolinate is part of this formula and is an essential nutrient required for fat, sugar and carbohydrate metabolism.*

Green Tea Fat Metabolizer™ maximizes powerful thermogenic action in fast-acting Liquid Soft-Gels. For optimum results, use in conjunction with a low calorie diet and exercise program.*

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. *Advanced Liquid Soft-Gels provide an optimum delivery system.*

*These statements have not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Quality Assurance - Irwin Naturals™ is committed to providing the highest quality products for your health. We employ compliance testing to ensure purity and potency.

Global Responsibility - Over the years we have donated to organizations that support the environment and the health of our children.

Patented BioPerine® - BioPerine® enhances the bioavailability, absorption and potency of many nutrients.*
