

Why supplement with B-vitamins?

B-vitamins are essential to life.* These nutrients play a critical role in numerous biochemical reactions throughout the body.* They are especially important for metabolism, energy production, and the maintenance of a healthy nervous system.*

B-vitamins are water-soluble nutrients that are poorly stored in the body and readily eliminated after a short period of time.* Therefore, in order to maintain optimum levels, B-vitamins must be replenished daily.*

Mega B-Complex® is a balanced blend of high-potency B-vitamins that can help you meet or exceed your daily requirements.* This formula provides all of the essential B's, including a full 1,000 mcg of methylcobalamin – the biologically active form of vitamin B12.

† This advanced formulation also includes Medium Chain Triglycerides (MCT's) as the foundation of our Liquid Soft-Gel delivery system.* MCT's are a preferred source of quick cellular energy.* MCT's are rapidly absorbed into the bloodstream and immediately converted into energy at the cellular level.*

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. **Advanced Liquid Soft-Gels** provide an optimum delivery system.

Quality Assurance - Irwin Naturals® is committed to providing the highest quality products for your health. We employ compliance testing to ensure purity and potency.

Global Responsibility - Over the years we have donated to organizations that support the environment and the health of our children.

Patented BioPerine® - BioPerine® enhances the bioavailability, absorption and potency of many nutrients.*

Usage Warnings: Do not use if safety seal is broken. Check with your doctor before using this product if you are using medication or have any medical conditions. Do not use if you may become pregnant, are pregnant or nursing. Do not exceed recommended daily intake. Not intended for use by persons under 18. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool, dry place.
