*Daily Value not established.

Other Ingredients: None.

Discussion: Sunny Green[®] Organic Beetroot Powder only contains whole red beetroots (no maltodextrin or fillers!). The beetroots are dehydrated to maintain their natural fresh beet flavor as well as the naturally occurring vitamins, minerals and antioxidant nutrients. Beetroot juice is traditionally used to help detoxify and fortify the body.

Organic Beetroot Powder instantly dissolves in water or you may add it to one of the many Sunny Green[®] drink mixes. The convenience of instant beetroot powder is certain to save you the time, mess and expense of juicing fresh beets!

SUNNY GREEN is committed to providing you with the finest "Green Food" dietary supplements that nature can provide.

Packaged by weight, not volume. Settling of contents may occur.
