When it comes to proteins, there are a lot of options – problem is most of them are over-hyped and under deliver. These over-hyped proteins mostly contain a lot of fillers, flavors and sweeteners that have little to do with getting the protein you need to get the maximum benefit from your fitness regimen. This is why **TOTAL PROTEIN™** stands out from the crowd. It provides a generous amount of protein per serving, with great taste, and is the **ONLY ONE** that comes with the endorsement of the incomparable Jay Cutler himself.

*The Cutler Nutrition Brand* is handcrafted, precision based, and ultra defined for bodybuilders, elite athletes, and results driven enthusiasts. We believe it to be the **Best of the Best.** Like all products in the Cutler Nutrition Line, **TOTAL PROTEIN™** utilizes research-based, tested and tried ingredients, manufactured under strict guidelines. All of these products are drug-free, and each and every one meets Jay Cutler's personal **standards of performance.**
