CANDISTROY®

Candistroy[®] is a 2-part system specifically formulated to support a healthy digestive tract.* Eating a healthy diet (low in refined carbohydrates) and maintaining a healthy intestinal flora are two of the best ways to keep the digestive system healthy.* However, when a poor diet high in sugar is present, imbalances in the digestive tract can occur.

PART 1:

CANDISTROYER™

Candistroyer[™] is formulated with a proprietary blend of botanicals. This formulation offers the benefits of herbs that have a long history of traditional use in digestive health formulas.

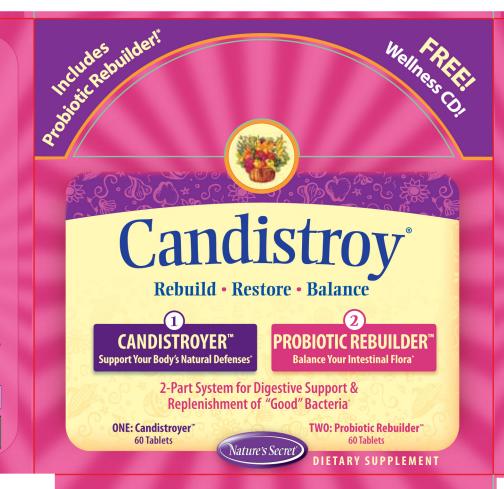

PROBIOTIC REBUILDER™

Probiotic Rebuilder™ supplies Lactobacillus acidophilus and Bifidobacterium bifidum to help replenish "good" bacteria. It also includes Fructooligosaccharides (FOS) to further encourage probiotic growth.

ho is Nature's Secret®? At Nature's Secret® we believe that total

body wellness is the key to overall health.

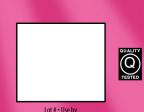

The conventional approach to health sees the body as a set of separate parts, each needing their own separate treatments. Take a look at the way our medical system is organized - from cardiologists to dermatologists, we have a doctor for nearly every body part. But nature has a well-kept secret... there is no separation between any of our systems. They are all intricately connected in a brilliant dance only nature could orchestrate. At Nature's Secret[®], we develop our products using this whole-body

We understand, for example, that sluggish digestion can lead to low energy levels and shouldn't always be supported with caffeinated energy tablets. Our approach focuses on the origins of imbalance, not the signs of imbalance. This is Nature's Secret[®], total body wholeness and wellness.
