The Natrol® AcaiBerry Diet formula is smart for two reasons: (1) It helps boost your metabolism, the engine that drives calorie burning; (2) The polyphenol antioxidant compounds have the capacity to neutralize free radicals produced by regular exercise. And that's important when you are trying to get in shape.[†]

You can lose up to 20 pounds in 10 weeks when you follow the AcaiBerry Diet Meal and Exercise Plan at www.NatrolAcaiBerry.com.^{**} Individual results may vary.
