

The Strongest Pre-Workout Concentrate You've Ever Tried

Hands down, MuscleTech® Anarchy™ is the most explosive pre-workout concentrate you've ever tried – period! Featuring stronger doses of key ingredients than the competition, plus unique compounds used in never-before-seen combinations, Anarchy™ delivers an extreme boost of energy, intensity and mental focus.▲

Explosive Energy, Intensity & Focus

Anarchy™ delivers more caffeine per serving than the next leading brand. Plus, it's the first pre-workout to combine such a potent dose of caffeine with a precise dose of choline bitartrate for an unparalleled sensory experience.▲

Powerful Gains in Muscle Strength & Power

A 3,200mg dose of beta-alanine, provided in 2 scoops of Anarchy™, has been shown to enhance the muscle- and strength-building process.▲ The next leading competitor uses a smaller dose in order to save on costs. The powerful dose of caffeine in Anarchy™ has also been shown to increase muscle strength and power.▲

Extreme Muscle Pumps

The cutting-edge Anarchy™ formula combines a scientifically studied dose of patented Nitrosigine® with patented HydroMax™ glycerol. Nitrosigine® is a novel form of arginine and silicon that's been clinically shown to increase nitric oxide levels (measured as salivary nitrites). What's more, in the same human clinical trial, subjects had a significant increase in mean plasma arginine levels within one hour of their first dose. HydroMax™ glycerol is a patented ingredient that is ten times more concentrated than the competitor's glycerol monostearate.▲

Everything You Want – Nothing You Don't

Anarchy™ is crammed with powerful doses of today's most cutting-edge pre-workout ingredients. It's more of what you want – and nothing you don't! Anarchy™ has everything you need to enjoy better workouts that build more lean muscle, enhance strength and amplify power.▲ Try it today!

DIRECTIONS: Mix 1 serving (1 scoop) with 6 to 8 oz. of water 20 to 30 minutes before your workout. Once you've assessed your tolerance, in subsequent workouts, take 1 to 2 servings (1 to 2 scoops) with 12 to 16 oz. of water 20 to 30 minutes before your workout. Do not exceed 2 scoops in a 24-hour period. Read the entire label before use and follow directions provided.

WARNING: For adult use only. Do not use if pregnant or nursing. Do not use if you have had a myocardial infarction (heart attack). Inhalation may amplify the inflammatory airway response in people with asthma. Consult a medical doctor before starting a diet or exercise program or if you are taking any medication(s). One serving of this product contains up to as much caffeine as 2 cups of coffee. Caffeine sensitive individuals may experience the following symptoms, including (but not limited to) restlessness, nervousness, tremors, headache, anxiety, palpitations, increased heart rate, or difficulty sleeping. Do not combine with other sources of caffeine or stimulants. Some individuals may experience a harmless tingling sensation from the concentrated performance dose of beta-alanine. **KEEP OUT OF REACH OF CHILDREN.**

Do not use if packaging has been tampered with. Store in a cool, dry place (60°F to 80°F).
