Echinacea research funded by the National Institutes of Health and conducted on the Gaia Herbs certified organic farm led to discoveries which revolutionized the science behind Echinacea and its ability to support immune function.* This proprietary knowledge became the foundation for Quick Defense®.

By combining two Echinacea species with Elderberry, Ginger, and Andrographis, Gaia Herbs created a best-selling formula to support a healthy immune response at onset.* Consider Quick Defense® as an herbal essential for home, travel, or whenever immune support is needed.*
