COMPLETE CONCENTRATED PRE-WORKOUT

SHOCK'D[®]

Energy⁺ | Strength⁺ | Pump⁺ | Endurance⁺

SUGGESTED USE: As a dietary supplement, mix 1 scoop of SHOCK'D[®] with 120–175 mL of cold water 30 minutes before workout. Do not exceed recommended serving size. Exceeding the recommended serving size or not following directions may lead to unwanted effects. Consume a minimum 15–16 glasses of water per day while taking this product. To be used as part of a physical conditioning program. Contents may settle after shipping. Moisture and humidity can cause clumping and discoloration. Discard after expiration date. **STORE IN A COOL, DRY PLACE AND AVOID EXCESSIVE HEAT.**

WARNING: KEEP OUT OF REACH OF CHILDREN. For use by Healthy Individuals only. Not for use by those under the age of 18. Do not exceed recommended serving size. Do not use if you are pregnant or nursing. Before consuming seek advice from a health care professional if you are unaware of your current health condition. Do not consume synephrine or caffeine from other sources, including but not limited to, coffee, tea, soda and other dietary supplements or medications containing phenylephrine or caffeine. Contains caffeine. Do not use for more than 8 weeks. Consult with your physician prior to use if you are taking medication, including but not limited to MAOI inhibitors, antidepressants, aspirin, nonsteroidal anti-inflammatory drugs or products containing phenylephrine, ephedrine, pseudoephedrine, or other stimulants. Consult your physician prior to use if you have a medical condition, including but not limited to, heart, liver, kidney, or thyroid disease, psychiatric or epileptic disorders, difficulty urinating, diabetes, high or low blood pressure, cardiac arrhythmia, recurrent headaches, enlarged prostate or glaucoma. Do not use if you are prone to dehydration or exposed to excessive heat. Do not use if you suffer from the rare genetic disorder, Hyper Beta-Alaninemia. This product contains beta-alanine which may cause a tingling skin sensation in some individuals. Discontinue use 2 weeks prior to surgery or if you experience rapid heart beat, dizziness, severe headache or shortness of breath. Do not use if tamper resistant seal is broken.
