When it comes to proteins, there are a lot of options – problem is most of them are over-hyped and under deliver. These over-hyped proteins mostly contain a lot of fillers, flavors and sweeteners that have little to do with getting the protein you need to get the maximum benefit from your fitness regimen. This is why **TOTAL PROTEIN™** stands out from the crowd. It provides a generous amount of protein per serving, with great taste, and is the **ONLY ONE** that comes with the endorsement of the incomparable Jay Cutler himself.†

The Cutler Nutrition Brand is handcrafted, precision based, and ultra defined for bodybuilders, elite athletes, and results driven enthusiasts. We believe it to be the **Best of the Best.** Like all products in the Cutler Nutrition Line, **TOTAL PROTEIN™** utilizes research-based, tested and tried ingredients, manufactured under strict guidelines. All of these products are drug-free, and each and every one meets Jay Cutler's personal *standards of performance.*
