

Organic Brain Support™ - This product supplies a unique blend of organically-grown botanicals that deliver nutritional support for people of all ages — including young students, busy professionals and aging seniors.*

Ginkgo - The ginkgo tree has been in existence for at least 270 million years. The ginkgo leaf is one of the most highly researched botanicals in Western Herbalism and is prized for its neuro-supportive properties.* Ginkgo leaf is widely used in herbal formulas to support the brain.*

Blueberry - This little berry packs a mighty punch! Blueberry is considered a "super food" because of its nutritive value and antioxidant properties.* Research has shown that blueberry polyphenols are one of the few phytonutrients that can cross the blood-brain barrier and help protect brain cells from the damaging effects of free radicals.

Grape seeds - Grape seeds possess powerful antioxidant properties that can help counter the effects of aging.*
