Advanced Energy & Stamina Formula[†]

Minelyte™

Electrolyte Replenishment
With Tcentials™ Trace Minerals

Tcentials™
THE KEY TO HEALTH

90 Tablets

Dietary Supplement

Suggested Use: Take 4-6 tablets daily, depending on activity, divided with meals and before and after periods of physical activity. Take with large amounts of fluid.

Minelyte™ Electrolyte Replenishment with Tcentials™ is designed to naturally replenish electrolytes for improved energy and stamina.

Electrolytes are necessary to maintain a normal fluid balance for optimal energy and health. Through an active lifestyle, heat exposure, or any activity that may cause fluid loss, electrolytes may become depleted, which can cause fatigue, lack of endurance and muscle cramping.

The advanced Minelyte™ formula contains:

- Major electrolytes to replenish lost nutrients
- The Tcentials™ mineral blend, with over 72 naturally occurring ionic trace minerals

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
