Did you know?

The United States Department of Agriculture (USDA) recommends that adults consume nine servings (4½ cups) of fruit and vegetables daily to access many of the phytonutrients needed for optimal health. In addition to offering whole-food nutrition from these nine servings, **Activz 9 a Day** supplies a proprietary blend of minerals that are delivered in amino acid "chelates" (ring-shaped molecules containing a mineral bonded with amino acids), just as they are in whole foods. Unlike the mineral salts (minerals bonded with salts) found in other supplements, our amino acid chelated minerals are absorbed by the body in their most natural, bioavailable form.

Note: Before taking any new dietary supplement, consult a health care provider if you have medical conditions, take prescription medication or are pregnant or lactating. Accidental overdose of iron-containing products is the leading cause of fatal poisoning in children under 6. In case of accidental overdose, call a doctor or poison control center immediately.

STORE IN A COOL, DRY PLACE.
KEEP OUT OF REACH OF CHILDREN.

BPA FREE

Get the benefits of over 45 vitamins, minerals and antioxidants every day with **Activz 9 a Day⁺**, a whole-food supplement that delivers phytonutrients from more than nine freshly harvested fruits and vegetables in a quick, efficient delivery system. Each daily serving provides:

- A complex blend of vitamins, antioxidants, probiotics, amino acid chelated minerals[†] and essential omega fatty acids that support immune function and optimal health.[†]
- 100% of the recommended daily allowance for 15 essential vitamins and minerals.
- Plant-based enzymes that support efficient nutrient digestion and sustained energy.[†]
- Support for vision, heart health, cell integrity, brain health and more.[†]

†See "Did you know?" on back panel.
