

MAXIMIZE YOUR WEIGHT LOSS

BeautySlender® attacks the stubborn fat areas on the body (hips, thighs, buttocks, and stomach) while maintaining existing lean muscle†. **BeautySlender®** also contains Omega 3, 6, and 9 - the Essential Fatty Acids (EFAs) your body needs to help maintain already normal cholesterol levels and promote a healthier heart.

After much research, a more economical and efficient way to get the required CLA has been devised. Through advanced lipid technology, a CLA synthesizing process allows for precision intake through pre-measured softgel capsules. This allows for precise CLA intake at determined time intervals without the high calorie food consumption. Some research has suggested that

BeautySlender® may support increased muscle strength and promote fat loss when used as part of a low calorie diet and consistent exercise†. Other research suggests that

BeautySlender® may exhibit anti-catabolic properties and support immune system function†. Not only has **BeautySlender®** been suggested to increase muscle mass while reducing body fat, studies have also shown remarkable anti-catabolic, antioxidant, and immune enhancement benefits. **BeautySlender®** is the stimulant free solution to your weight loss!

WARNING: DO NOT EXCEED RECOMMENDED DOSE ANYTIME.
