

WEIGHT LOSS

Weight Management Support

GUARANTEED PURE

Hoodia gordonii is a plant eaten by primitive San Bushmen of South Africa to suppress hunger in a land with little food. For thousands of years this succulent plant has been a native food of the San Bushmen of the Kalahari Desert. Now, people everywhere are beginning to see the benefits of this food as a nutritional supplement.*

Hoodia gordonii Aerial Stem 20:1 drying ratio.

RECOMMENDATION

Take one or two capsules between meals three times daily.
