

VisiVite Dry Eye Relief® TG-1000 is a patented** nutritional formula made from natural ingredients that work together to strengthen healthy tears. High molecular weight Mucin binds the tears to the surface of the cornea. A proprietary blend of 1000 mg of Premier Triglyceride (TG) fatty acids from purified fish oil, flaxseed oil, safflower oil, and the natural COX2 inhibitor Curcumin improve lacrimal gland function and aqueous tear production. Phytosterols act as a vapor barrier to reduce tear evaporation. Importantly and uniquely, VisiVite Dry Eye Relief® TG-1000 instills polar phospholipids that join the separate tear layers, resulting in improved Tear Film Stability.*

** U.S. Patent 7,638,142: Therapeutic Composition for the Treatment of Dry Eye Syndrome

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

DIRECTIONS: Take four (4) softgels daily in divided doses with meals.

KEEP OUT OF REACH OF CHILDREN

If you are pregnant or nursing a baby, seek the advice of a health professional before using this product.

Keep bottle tightly closed. Store in a cool, dry place between 15°-30°C (59°-86°F).

TAMPER EVIDENT - Do not use if imprinted safety seal under cap is broken or missing.
