Probiata Digestion Support contains a high-potency 100% pure-strain culture of *Lactobacillus plantarum* 299v probiotic researched for over 25 years by Swedish doctors, microbiologists and nutritionists. Unlike other high potency probiotic products which contain mixed-strains of bacteria that have not been studied at higher potencies or in combination, LP299V® (*Lactobacillus plantarum* 299v) probiotic is a pure strain probiotic, supported by over 75 scientific studies. Probiata Digestion Support comes in an easy to swallow capsule conveniently blistered to help take to work or when you travel. This high-potency pure probiotic taken once-per-day helps replenish and balance internal flora, build intestinal strength and support overall healthy digestion and regularity.* Probi®, Probi•Digestis® and LP299V® are registered trademarks of Probi AB.
