

Suggested Usage: Take 1 softgel 2 times daily with food.

Black Currant Oil is extracted from Black Currant Seeds to produce a valuable nutritional oil with 14% GLA. The Omega-3, Alpha Linolenic Acid and the Omega-6, Gamma Linolenic Acid (GLA), are both considered essential fatty acids. Although the body can manufacture GLA from other dietary Omega-6 fatty acids, GLA can be more efficiently utilized for body functions when supplied directly through dietary sources.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.

Store in a cool, dry place after opening.
Please Recycle.
