Hard training athletes are particularly susceptible to immune malfunctions due to physical stress from long, intense workouts that can weaken the body's natural immune system. **Immune Sport's** balanced formula actively supports distinct mechanisms within the immune system to effectively counter this exercise induced immune imbalance.**

Percent of healthy athletes after participating in the Carlsbad marathon

Core ingredient in Immune Sport, Wellmune® Beta-Glucan has been shown to boost your immune system to help you stay healthy after intense workouts. Source: J Sports Sci Med 2009; 8:509-515.

An active blend of antioxidants, amino acids and vitamins help deliver vital nutritional elements to support immune defensive actions required to avoid disruptions to performance and recovery.**

MRM® Immune Sport is equipped with Wellmune® - a proprietary beta-glucan derived from baker's yeast - which has been clinically proven to be immune support for athletes, by strengthening the body's natural defenses to promote healthy immune function.** **Immune Sport** boosts cellular function with Vitamin C, and citrus bioflavonoids - critical to immune cells for surveillance and removal as mechanisms of healthy immune function - along with the addition of B-Vitamins that are rapidly depleted during physical stress.**

- Clinically proven to support grueling athletic workouts**
- Helps build a strong, healthy immune system**
- Benefits immune health, allowing more intense training**
- Helps prevent immune suppression**
- Ideal for strength and endurance athletes
- Take with our other performance products: Driven™ and BCAA+G Reload™
