ANDREW'S FIVE FAVORITES™

100 MG COENZYME Q-10 WITH TRUQ10®
ALPHA LIPOIC ACID • EGCG • RESVERATROL

360 Easy-to-Swallow Capsules

ANDREW'S FIVE FAVORITES is Andrew Lessman's personal blend of his five favorite ingredients to add to his daily multi-vitamin. The formula begins with the unparalleled energy and anti-oxidant benefits of our pure, natural **Coenzyme Q-10** with the addition of our unique, potency-guaranteed **TruQ10**, both of which are absolutely essential for all cellular energy production. **TruQ10** is scientifically accepted as the active, "working" form of **CoQ10** within our body and our body must convert standard **CoQ10** to **TruQ10** to achieve its benefits. By delivering **TruQ10** directly, we enhance the absorption, utilization and availability of both forms of **CoQ10** and improve the all-important ratio of **TruQ10** to **CoQ10** in our bodies. **CoQ10** and **TruQ10** are essential to the optimum functioning of all vital organs, including the heart, brain and liver. Andrew's next favorite is **Alpha Lipoic Acid (ALA)**, which is referred to as the Universal Anti-Oxidant because of its unique ability to work in either aqueous (water) or lipid (oil-based) environments, thus enabling **ALA** to deliver its benefits anywhere in the body. Like **CoQ10**, **ALA**'s unique properties allow it to be particularly effective in protecting our nervous system and brain, along with the liver, kidneys and immune system. Andrew also includes two of nature's most protective and beneficial molecules from the world's most well-researched beverages: **EGCG** from Green Tea and **Resveratrol** from Red Wine. **EGCG** is credited with the myriad of health benefits of Green Tea and the Asian diet, while **Resveratrol** has been assigned that same role in the health benefits of Red Wine and the Mediterranean diet. Green Tea and Red Wine have been revered for centuries and decades of research have culminated in extremely exciting anti-aging findings. After almost 30 years of making vitamins, **Andrew's Five Favorites** is a unique combination of what he views as the five most important and well-researched natural ingredients to add to your daily vitamin regime.
