

Discover the secret of the delicious and energizing Açai Berry (pronounced ah-sigh-EE) in Garden Greens™ BerrySplash™ Drink Mix. The Açai Berry grows on top of lush palm trees in the heart of planet Earth, the Amazon Rainforest. The small, oval shaped, Açai Berry is deep violet in color and is naturally rich in polyphenols and anthocyanins, two of nature's most potent antioxidants.

The Açai Berry has been consumed by South American Indians for hundreds of generations and has been treasured for its health benefits. After crushing and straining the Açai Berry, the Indians either sip the honey-sweetened juice as a refreshing beverage or combine it with granola and bananas as an energizing meal.

In addition to the Açai Berry, BerrySplash™ contains other nutrient rich berry extracts such as Raspberry, Lycium, Bilberry, Blueberry, Elderberry, Blackberry, and Cranberry.

Now you can derive the energizing benefits of the Açai Berry in a delicious drink mix from Garden Greens™ BerrySplash™.
