

RECOMMENDED USE - DIRECTIONS:

- Take 3 sprays under tongue each time.
- Take up to 3 times daily, including before workouts.
- Have mouth clear of food or drink at least 20 min before and 5 min after to allow for signaling.
- Take 60 to 90 minutes after snack or meal since IGF-16C can lower blood glucose.
- Hydration is important so drink plenty of water.

Warnings:

- If new symptoms occur, discontinue use and consult your healthcare professional.
- If you are pregnant or nursing, first consult with your health care professional.
- Keep out of reach of children.
