30 Perma-Fresh Packets[™] • 240 Easy-to-Swallow Capsules

Andrew Lessman's ULTIMATE LIFE Rx is without compare in the world of multi-vitamins. One look at its **Supplement Facts** demonstrates its uniquely comprehensive nature. It contains an unequalled list of more than 50 ingredients at their research-required potencies and is 100% pure, containing *only* the nutrients listed on the label and *no manufacturing additives of any kind*. **ULTIMATE LIFE Rx** is produced entirely with solar energy making it also healthy for our planet. This formula comes as an ultra-fine powder in small, easy-to-swallow capsules that are gentle to your stomach. **ULTIMATE LIFE Rx** provides all the benefits you seek without the problems of typical multi-vitamins.

ULTIMATE LIFE Rx is the world's first **All-Powder** multi-vitamin to deliver high levels of **Gamma Vitamin E**, along with more than 50 other nutrients, including high potencies of all essential vitamins, minerals, carotenoids, phytonutrients and anti-oxidants. Experts agree that the most protective form of Vitamin E is **Gamma Tocopherol**, yet virtually all other multi-vitamins contain only the less protective Alpha form. **ULTIMATE LIFE Rx** also provides high levels of the full B-Complex, including 2,000 mcg of **Biotin** and 500 mcg of our protected **Vitamin B-12**, plus 1,000 mg of non-acidic **Vitamin C** and the protection of hard-to-find **Lutein** (6,000 mcg), **Lycopene** (6,000 mcg) and even **Zeaxanthin** (3,000 mcg) and **Astaxanthin** (1,000 mcg). **ULTIMATE LIFE Rx** also delivers high levels of soluble forms of **Calcium** and **Magnesium**, along with 2,000 IU of **Vitamin D3**.

Beyond vitamins, minerals and carotenoids, **ULTIMATE LIFE Rx** also delivers exceptional potencies of fifteen other key ingredients, including **Andrew's Five Favorites** and ten powerful extracts from fruits, berries, spices and cruciferous vegetables, including **Bilberry**, **Blueberry**, **Curcumin**, **Broccoli**, **Wasabi**, **Mustard Seed**, **Pine Bark**, **Grape Seed**, **Citrus Bioflavonoid** and **Apple Extracts**. Each of these standardized ingredients has been the subject of extensive clinical study establishing their health benefits.

ULTIMATE LIFE Rx includes **Andrew's Five Favorites: CoQ10, ALA, Resveratrol, EGCG and Pomegranate:**

Coenzyme Q-10 (CoQ10) and TruQ10 – 300 mg. The first ingredient to add to any vitamin regimen, **CoQ10** is required for all energy production and is also a powerful anti-oxidant. We provide 250 mg of **CoQ10 (Ubiquinone)**, plus 50 mg of our exclusive **TruQ10 (Ubiquinol)**. Together these two natural forms of **CoQ10** offer the most comprehensive protection possible. **CoQ10** and **TruQ10** are required at high levels to keep all our vital organs functioning at their best and sadly, **CoQ10** and **TruQ10** levels decrease with age, stress, prescription drugs, poor diet and physical activity.

Alpha Lipoic Acid (ALA) – 250 mg. Because it is uniquely both water and fat soluble, **ALA** is called the "Universal Anti-Oxidant." This unique solubility allows it to go "everywhere" in your body protecting hard-to-reach tissues from oxidative damage. Even more important is its role in the creation of our body's most powerful internal anti-oxidant – Glutathione. Like **CoQ10**, our levels of **ALA** decline with age, stress and the use of certain medications.

Resveratrol – 100 mg. Only recently available in a high potency, natural form, **Resveratrol** is currently the subject of extensive scientific research. **Resveratrol** is behind the benefits of Red Wine and the Mediterranean diet and our 100 mg potency is the equivalent of more than 200 glasses of Red Wine. **Resveratrol** offers powerful protection to heart and brain; however, it is **Resveratrol's** impact on our genes that places it at the forefront of anti-aging research.

Epigallocatechin Gallate (EGCG) – 150 mg. Green Tea combines thousands of years of traditional use with decades of compelling science. Our unique Green Tea Extract provides ultra-high levels of Polyphenols, including Green Tea's most protective molecule - **EGCG**. **EGCG** enhances the activity of our body's internal anti-oxidants and is vital to our liver's cleansing systems while also providing powerful protection to the delicate tissues of our brain, heart, prostate and skin.

THE PERFECT PACKET.

THE NEW PERMA-FRESH PURPLE PACKET.

Our new **Purple Packet** is our most advanced packet ever. Vitamins must be protected from light, moisture and oxygen to retain their potency and ordinary clear packets are unable to do so. Our newly developed **Purple Packets** are made from multiple layers of specialized materials to safeguard the potency of your vitamins. Our new **Perma-Fresh Purple Packet** provides the world's finest vitamins the exceptional protection they deserve.

Pomegranate (40% Ellagic Acid/40% Punicalagins) – 150 mg. A folk remedy for centuries, Pomegranate was referred to as the "sacred fruit" and scientists have confirmed its unique properties. Unfortunately, virtually all other Pomegranate products are not standardized to deliver its key beneficial compounds whereas our **Pomegranate 40:40 Complex** delivers high levels of **Punicalagins** and **Ellagic Acid** thereby ensuring all the benefits without the sugar and calories of Pomegranate juice.
