NATURAL HORMONE BALANCE

WOMEN'S WELLNESS™

NATURALLY RELIEVES SYMPTOMS OF
MENOPAUSE • PERIMENOPAUSE • PMS

360 Easy-to-Swallow Capsules

Andrew Lessman's WOMEN'S WELLNESS is a unique, natural formula to support the special needs of women at all stages of life. It contains our highest levels of the key beneficial isoflavones from **Soy (Genistein and Daidzein)**. Research has shown that these natural isoflavones can help to diminish the normal symptoms of menopause, such as hot flashes and night sweats. In addition to extensive research on hormonal balance, only **Soy** isoflavones have also been consistently shown to support bone and heart health. For centuries, **Soy** has been a staple food in the healthy Asian diet and **Women's Wellness** is designed to provide the same balance of isoflavones present in the healthy Asian diet. We also include 100 IU of **Vitamin D3** because of its critical role in women's health, along with our special extract of **Green Tea** – Asia's traditional beverage. Our **Green Tea Extract** is standardized to provide 125 mg of **EGCG**, which is now viewed as the molecule responsible for **Green Tea's** many women's health benefits. We include 75 mg of our new **Broccoli** extract standardized for high levels of **Sulforaphane**, which is now considered to be **Broccoli's** key beneficial molecule. We also include 250 mg of our special **Cranberry** concentrate, providing powerful support to a woman's urinary tract. Also included are high levels of **Lutein**, **Lycopene** and **Zeaxanthin** because these powerful anti-oxidants are so important to the health of female tissues, while also lacking from our diet and most supplements. We also include high levels of our uniquely protected and absorbable form of **Vitamin B12**. In short, all of these specialized ingredients make our **Women's Wellness** a truly unique and comprehensive formula for hormonal balance and wellness throughout all stages of life.
