

Product No. **9124** Do not accept if seal is broken.
Keep out of the reach of children. Shake well before use.
Store between 59°-86° F. Refrigerate after opening.
Take only as directed. Do not exceed recommended dose.

Realfood Organics® Liquid Cran-Aloe includes 1,000 mg of cranberry powder. This liquid formulation not only tastes good, but helps support urinary tract health.***

Realfood Organics® Liquid Cran-Aloe is a unique formulation using ACTiValoe®. The juice of this 100% inner fillet Aloe Vera is delicately extracted and its freshness preserved using advanced technology and the unique Qmatrix® process. The Qmatrix® process is a patented Low Temperature Short Time (LTST) drying process that retains heat-sensitive nutritional and functional Aloe Vera natural components such as the important mono- and polysaccharides. Highly purified Qmatrix® ACTiValoe® does not contain the high levels of undesirable components, such as aloin, that are often associated with diarrhea.

More clinical research has been published on this 100% inner fillet Aloe Vera than any other form of Aloe Vera on the market. Every ounce of Realfood Organics® Liquid Aloe Vera delivers 15 mg of naturally occurring polysaccharides.

- Emerging science suggests this Aloe Vera will:
 - Increase the absorption of Vitamin B12 when one ounce is used daily.***
 - Increase the absorption of Vitamins E and C when only two ounces are used daily.***
- The 100% inner fillet Aloe Vera has been researched for its support of immune, cardiovascular, digestive and antioxidant health when eight ounces are used daily.***
