

Realfood Organics® Cran-Aloe includes 1,000 mg of cranberry powder. This liquid formulation not only tastes good, but helps support urinary tract health.***

Realfood Organics® Cran-Aloe is a unique formulation using certified organic ACTValue®. The juice of this 100% inner fillet Aloe Vera is delicately extracted and its freshness preserved using advanced technology and the unique Qmatrix® process. The Qmatrix® process is a patented Low Temperature Short Time (LTST) drying process that retains heat-sensitive nutritional and functional Aloe Vera natural components such as the important mono- and polysaccharides. Highly purified Qmatrix® ACTValue® does not contain the high levels of undesirable components, such as aloin, that are often associated with diarrhea.

More clinical research has been published on this 100% inner fillet Aloe Vera than any other form of Aloe Vera on the market. Every ounce of Realfood Organics® Cran-Aloe delivers 15 mg of naturally occurring polysaccharides.

- Emerging science suggests this Aloe Vera will:
 - Increase the absorption of Vitamin B12 when **one** ounce is used daily.***
 - Increase the absorption of Vitamins E and C when only **two** ounces are used daily.***
- The 100% inner fillet Aloe Vera has been researched for its support of immune, cardiovascular, digestive and antioxidant health when **eight** ounces are used daily.***
