When Purity Matters Most

This product has received the highest 5-star rating from the International Fish Oil Standards (IFOS) program, the world leader in Omega-3 testing. This certifies that each batch exceeds all U.S. and international pharmaceutical standards for **freshness, purity** and **potency**.

Visit the IFOS website at www.ifosprogram.com to monitor the test results of this and every batch of Norwegian Gold Advanced Fish Oils.

*Supportive but not conclusive research shows that consumption of EPA & DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.

THE ADVANCED FISH OILS

Health Benefits of Omega-3*

Scientific research confirms that Omega-3 supplementation supports heart health by helping to maintain healthy cholesterol, triglyceride and blood pressure levels already in the normal range.* Omega-3s help maintain these key markers by supporting the body's normal inflammatory response, promoting optimal heart, blood vessel and joint health.* The American Heart Association recommends you take 1000 mg or more of Omega-3 EPA/DHA per day for optimum cardiovascular health.*

Norwegian Gold Super Critical Omega provides 1,125 mg of Omega-3s per softgel.

No Fishy Aftertaste and Increased Omega-3 Absorption*

Enteric-coating helps each Norwegian Gold softgel bypass the stomach to release in the intestines for no fishy aftertaste and better absorption of the Omega-3s.*

Natural Lipase is added to further aid in Omega-3 absorption. Lipase is essential for oil digestion, yet other fish oils lack this powerful fat-splitting enzyme.*

Norwegian Gold Advanced Omega-3 Fish Oils from ReNew Life surpass world standards to bring you the ultimate in potency, freshness and purity. They are backed by rigorous quality systems and testing so all you receive are the superior natural benefits of some of the purest fish oils on earth. That's our promise to you.
