

DIRECTIONS: Mix 2 scoops (14 g) in 8 oz of cold water, or beverage of your choice, and consume 20 to 30 minutes before exercise. Do not exceed more than 4 scoops (2 servings) daily.

TIP: Adjust amount of fluid ounces according to flavor intensity desired.

SUGGESTED USE: On training days, consume 20 to 30 minutes before exercise. On non-training days, one serving may be consumed in the morning, with or without food.

Consult your physician prior to use, as individual needs may vary. Individuals taking medication should discuss potential interactions with their physician. Do not use if tamper seal is damaged.

CeneGenics® ELITE Performance Power is like no other pre-workout formula on the market, delivering proven ingredients and dosages to increase nitric oxide production, enhance neural drive, and improve aerobic/anaerobic capacity, endurance, and power for optimal exercise performance. CeneGenics® ELITE Performance Power combines breakthrough ingredients in sport supplementation with heavily researched, patented products to produce enhanced performance with minimal stimulants and no artificial colors or sweeteners.†

†These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

STORAGE: Manufactured in a climate controlled facility. Due to variable weather conditions during shipment, clumping may occur. Store in a cool, dry place to minimize this occurrence. Keep out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, yeast, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or artificial preservatives.

N02 & Cellular

Energy Production*

- GlycoCam®
- D-Ribose
- Beet Root
- Hawthorne Extract
- L-Citrulline

Anabolic Signaling*

- L-Glutamine
- BCAAs (2:1:1)
- Beta-Alanine
- GlycoCam®

Neural Drive & Intensity*

- Cordyceps Extract
- Caffeine Anhydrous
- Beta-Alanine
