

Cenegenics Brain Enhancement Multi focuses on neuro-supportive nutrients that can improve cognitive alertness and memory. Stress-related toxins, decreased oxygen flow, as well as excessive adrenaline and cortisol release can impede cognitive function. To maintain optimal mental function and provide cellular communication throughout the body, the brain needs nutritional support. Brain Enhancement Multi helps provide focus to support a healthy mental capacity.[†]

Cenegenics has combined the leading individual ingredients, historically purchased separately, into one convenient packet.

DIRECTIONS: As a dietary supplement, take 1 packet daily, or as directed by a physician.

Children, pregnant or lactating women, and individuals using blood thinners should consult their physician prior to use. Do not use if tamper seal is damaged.

†These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Each packet contains: 3 Brain Enhancement Multi vegetable Capsules and 1 Soy Lecithin Soft-Gel.

STORAGE: Keep tightly closed in a cool, dry place out of reach of children.
