Introducing GNC Pro Performance® AMP Concentrated Intelligent Release Series, featuring revolutionary new formulas with performance-enhancing, clinically studied ingredients developed to change the way nutrients work to amplify your performance.*

OT²™ – THE EXCLUSIVE GNC ADVANTAGE
GNC's breakthrough Optimal Timing Technology (OT²™) is an exclusive innovation that enhances ingredients to control their release. Just one concentrated scoop of this product gives an immediate burst plus a 2 hour release to fuel muscles. No other products are engineered with this technology.

NITRO-FACTOR™ – MAXIMIZE MUSCLE BUILDING!
The full muscle building potential of a GNC product is based on its total nitrogen content – so the more nitrogen a product has, the stronger it will perform. Pro Performance® AMP Amplified Ripped™ with a Nitro-Factor™ of 13 grams helps fuel performance and anabolism.*

*When used in conjunction with an exercise program.

STACK WITH: Pro Performance® AMP Amplified Strength™, Amplified Push™, Amplified Wheybold Extreme 60™.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
