

The use of diets in collagen to improve bone health dates back to ancient cultures. Life Extension brings you this exciting formulation with KoAct®, a patented chelated form of calcium and collagen designed to maintain optimal bone health. KoAct® helps maintain bone strength and mineral density.¹ This remarkable ingredient allows for greater strength and flexibility, so your bones can absorb energy, reducing the risk of age-related injuries. Additional plant extracts from bamboo and dried plum have also been added for their bone-protective minerals and polyphenols.²⁻⁸

Bone Strength Formula with KoAct® contains the following ingredients:

Vitamin D3

- Facilitates absorption of calcium into the bloodstream.
- Regulates how much calcium enters and leaves bone tissue.
- Helps regulate healthy cell division and differentiation.
- Functions as a vital co-factor in bone mineralization through the absorption of calcium and phosphorus.

Calcium

KoAct® is a unique patented chelated compound of calcium and hydrolyzed collagen peptides (type I collagen) designed to enhance collagen support and turnover while supporting optimal bone mineral density and strength,

Magnesium

- A critical component of our skeleton, with 50-60% of totally body magnesium found in bone
- Positively influences the bone mineral matrix and its ability to metabolize minerals needed for repair and rebuilding.

Silicon

Plays an important role in bone formation through the synthesis and/or stabilization of collagen.

Dried Plum

Supports osteoblast (bone building cells) activity and function by upregulating cell-signaling compounds (Runx2, Osterix and IGF-1) and enhancing expression of an enzyme (lysyl oxidase) that is involved in collagen cross-linking.

Boron

Impacts steroid hormone metabolism-affecting the levels of estrogens and testosterone.

If you need extra bone support, ask your healthcare professional how Bone Strength Formula with KoAct® can be part of a comprehensive nutritional program in conjunction with proper resistance exercise. Life Extension offers several mineral formulas that may complement Bone Strength Formula with KoAct® to ensure optimal mineral intake. If you have any questions about this, please call a Life Extension Health Advisor who can help to tailor a supplement program that meets your individual bone-care needs at 1-800-226-2370.

Bone Strength Formula with KoAct®

120 capsules, Item# 01725

Serving Size 4 capsules

Servings Per Container 30

Amount Per Serving

Vitamin D3 (as cholecalciferol) 1000 IU

Calcium (from 3000 mg KoAct® Calcium Collagen Chelate and calcium fructoborate) 300 mg

Magnesium (as magnesium citrate) 100 mg

Silicon (from standardized Bamboo (*Bambusa vulgaris*) extract (stem)) 5 mg

Dried Plum (*Prunus domestica*) extract (fruit) [standardized to 50% polyphenols by UV-Vis (50 mg)] 100 mg

Boron (calcium fructoborate as patented Fruitex B® OsteoBoron®) 3 mg

Other ingredients: vegetable cellulose (capsule), vegetable stearate, maltodextrin, corn starch.

KoAct® is a registered trademark of AIDP, Inc.

Fruitex B® and OsteoBoron® are registered trademarks of VDF Futureceuticals, Inc. U.S. Patent No. 5,962,049.

Dosage and Use

- Take four capsules daily in divided doses with or without food, or as recommended by a healthcare practitioner.

Warnings

- KEEP OUT OF REACH OF CHILDREN
- DO NOT EXCEED RECOMMENDED DOSE
- Do not purchase if outer seal is broken or damaged.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating
