WARNING: INFERNO™ is strictly intended for use by healthy adults 18-50 years of age. Before consuming INFERNO™ seek advice from a physician if you are unaware of your current health condition(s). This product contains caffeine. **DO NOT** use INFERNO™ if you have any pre-existing medical condition including but not limited to high or low blood pressure, stroke, cardiac arrhythmia, heart, liver, kidney, or thyroid disease, recurrent headaches, anxiety, depression, seizure disorder, psychiatric or epileptic disorders, diabetes, pernicious anemia, difficulty urinating, enlarged prostate or glaucoma, or if you are taking an MAO inhibitor, anti-depressants, or other medications or wear the counter drugs containing stimulants. **DO NOT** use and consult with a physician if you are pregnant, nursing, or contemplating pregnancy, prone to dehydration, or exposed to excessive heat. Discontinue use and call a physician immediately if you experience chest pain, tremors, dizziness, severe headaches, nausea, an irregular heartbeat, or shortness of breath. Consume a minimum of 120 ounces of water daily in conjunction with a healthy diet. Discontinue 2 weeks prior to surgery. After 6 months of consecutive use discontinue for at least 4 weeks. Keep out of reach of children, pets and others for whom use of this product is not strictly intended. Use only as directed. Combining INFERNO™ with alcohol may increase the risk of low blood pressure (hypotension) and/or low blood sugar (hypoglycemia) particularly in the fasting state. Please be aware this product contains the naturally occurring amino acid Beta-Alanine, which may cause a tingling skin sensation in some individuals similar to a reason flush. This effect should diminish after a few hours and should subside within days of continuous use. Although rare, individuals with the genetic disorder hyper Beta-Alaninemia should not use this product. Store in a cool dry place away from direct sunlight. Too much caffeine may cause nervousness, irritability, sleeplessness, and occasionally rapid heartbeat. Not recommended for use by children under 18 years of age.
