

NEW AND IMPROVED MYOLEAN EVOLUTION!™

Now with 75% Less Sugar & 25% Less Carbohydrates!

How do you improve the highest quality protein shake on the market? First, you reduce the carbohydrates by 25%, then eliminate all added sugar. That's exactly what we did to MYOLEAN EVOLUTION™, making our premium protein shake even better. With only 1g sugar, MYOLEAN EVOLUTION is perfect for the sugar conscious weekend warrior, as well as the pre-contest athlete counting carbohydrates.

Lactospore® Stable Probiotics, Aminogen® Digestive Enzymes and Fiber!

We also replaced our original probiotic blend with Lactospore® 15 Billion. Unlike regular probiotics that are unstable and require refrigeration, Lactospore® (Lactobacillus Sporogenes) is a stable probiotic that reaches the intestine safely. MYOLEAN EVOLUTION also contains AMINOGEN® digestive enzymes to assist with proper nutrient utilization, as well as soluble and insoluble fibers to further maximize proper stomach and intestinal health.

PentaProtein Tru-Blend™: The Best Blend of Proteins On The Planet!

MYOLEAN EVOLUTION's Tru-Blend™ is a perfect combination of fast releasing (anabolic) whey and slow releasing (anti-catabolic) micellar and milk protein isolates. This combination of proteins provide a steady release of amino acids essential for building muscle, and critical for preventing the breakdown of muscle tissue. This makes MYOLEAN EVOLUTION not only a superior daytime protein, but an excellent nighttime protein shake as well.

Smoother, Creamier, and Even More Delicious!

Believe it, because it's true! New & Improved MYOLEAN EVOLUTION is not only a better formula, but we managed to make it smoother, creamier and even more delicious! Improve your health, build lean muscle, transform your body, and enjoy it while you do it!

MYOLEAN EVOLUTION IS GUARANTEED TO BE THE HIGHEST QUALITY, BEST TASTING PROTEIN SHAKE EVER FORMULATED. 100% MONEY BACK GUARANTEE!
