

Restore Your Feminine Balance*

What Are Women's Probiotics?

Probiotics are the beneficial bacteria that naturally live in the human body. The urogenital system is second only to the colon in bacteria levels. Women often benefit from support for a healthy balance of vaginal flora.*

Beneficial Lacto probiotics can function in the urogenital tract to:

- ✓ Help Replenish Good Bacteria*
- ✓ Promote Healthy Vaginal Flora Balance*
- ✓ Support Urinary Tract Health*
- ✓ Help Regulate Vaginal pH*

High Lacto For a Women's Needs

Lactobacilli are the most prevalent good bacteria in a healthy vagina. They produce beneficial compounds to help promote urogenital health. Ultimate Flora RTS (Room Temperature Strains) Women's Probiotic contains 100% Lacto strains known to help maintain a healthy balance of vaginal flora.*

What to Look For in a Women's Probiotic:

- ✓ Multiple Lacto probiotic strains
- ✓ High culture count of Lactobacilli
- ✓ Delayed release capsule
- ✓ Potency until time of consumption†

Brenda Watson is a leading expert on natural digestive care. Her Ultimate Flora probiotics are formulated to help balance the digestive system, and promote regularity and vibrant health.*

The Ultimate Flora Probiotic Difference

Higher Culture Count

Ultimate Flora Women's Probiotic is a daily probiotic to promote balanced vaginal flora levels. Each capsule has 15 billion live cultures of 8 strains of beneficial flora.†

One Capsule Per Day

= 15 BILLION

Why take 3 or more capsules of another probiotic when just one Ultimate Flora Women's Probiotic capsule equals 15 billion live cultures!

Delayed Release Capsule

Stomach acid can destroy probiotics. Ultimate Flora delayed-release capsules are designed to resist stomach acid more than standard capsules.

No Refrigeration Required

Ultimate Flora RTS (Room Temperature Strains) capsules are conveniently sealed in a double-foil blister to shield the probiotics from moisture and oxygen, prolonging potency at room temperature. Refrigeration, while not required, can be helpful during summer months.

No Refrigeration Required
